PROFESSIONAL SUMMARY

Technical professional with 13+ years spanning enterprise support, business analysis, infrastructure, and software development. Experienced in REST API integrations, Postman endpoint testing, SQL, troubleshooting, and cross-team coordination. Skilled at translating business needs into technical solutions and supporting customer-facing implementations.

TECHNICAL SKILLS

APIs & integrations: REST, JSON, HTTP, Postman, SQL, MySQL, PostgreSQL · Technical delivery: requirements, testing, troubleshooting, deployments, stakeholder coordination · Development: PHP, JavaScript, TypeScript, Node.js · ITSM: ServiceNow, Incident & Request Management.

PROFESSIONAL EXPERIENCE

2026–PRESENT · INDEPENDENT FULL-STACK DEVELOPER

PSICOAPOYO — Clinical management platform

- Develop a clinical management platform (staging) with Next.js, TypeScript, PostgreSQL, and Supabase.
- Coordinate requirements and validation directly with the client, bridging business workflows and technical delivery.
- Handle SQL migrations, integrations, access controls, QA, and deployment checks.

SEP 2023–JUN 2026 · FULL-STACK DEVELOPER · CEREZO SOFTWARE

- Developed and maintained SuiteCRM/PHP/MySQL applications supporting orders, invoicing, and business workflows.
- Integrated external services (SICFE, Zeta, Autodesk); used Postman to test REST endpoints and troubleshoot API issues.
- Diagnosed application, SQL, and integration incidents and supported production releases.

NOV 2011–NOV 2022 · BUSINESS ANALYST / IT INFRASTRUCTURE & OPERATIONS · L'ORÉAL

- Supported regional IT operations and incident resolution across Argentina, Chile, and Uruguay; collaborated with users and technical teams.
- Configured ServiceNow ITSM and Asset Management processes; coordinated OApass HR integrations with US teams.

ADDITIONAL PROJECT

Soledad Cedres Chiropractic: delivered a production booking platform with React, TypeScript, Firebase, Mercado Pago, and automated notifications; coordinated requirements and ongoing support directly with the client.
